Your battery specialists

Advanced Technology 4x4 Battery Range

Enirgi Power Storage have a solution for all of your four wheel driving needs. Whether you need a rugged battery to endure the steepest of tracks or long lasting power when you're far from home, your Battery Specialists have you covered.

Enirgi's range of starting, dual purpose and deep cycle batteries all feature maintenance free technology, which means one less thing to worry about when you're planning your next adventure. A sealed double lid with flame arrestor and a reinforced container deliver safety and reliability which are paramount when you're off the beaten track.

Your Battery Specialists can analyse your needs and provide the perfect product to ensure your next four wheel driving adventure is powered up. When safety, reliability and ruggedness are important, Enirgi batteries are the only choice.

BATTERY STRUCTURE

- 1 X-Frame Grid Technology and Grid Protection Technology
- 2 Enveloped separator for low electric resistance
- 3 Advanced centre lug technology and cast-on strap
- 4 Sealed double lid with flame arrestor
- 5 Integrated, computer-designed and reinforced container
- 6 Magic Eye Indicator (Conveniently displays state of charge)

Deep Cycle & Lithium Ranges

As your Battery Specialists, Enirgi supply the highly regarded Trojan range. These batteries have world leading technology and reliability. Our new L3000+ Lithium Enirgi battery weighs around 40% less and offers up to 20 times longer cycle life than a regular lead acid battery.

Environmental Services

LOCAL

Enirgi Power Storage offers a complete national network covering dozens of locations, each manned by experienced team members who thrive on delivering outstanding service by partnering with our clients' businesses. We know that it's the people who make the difference which is why we are Your Battery Specialists.

SALES & SUPPORT

At Enirgi Power Storage we strive to partner with you in driving success for your business. The Enirgi Connect Sales & Support Centre is available to answer any query you may have. In addition to our local team members, the Enirgi Connect team can assist with all sales orders, used battery collections and product/technical inquiries.

Timely and accurate deliveries are critical in providing the best service to your customers. The team can work through the product range with you to deliver an optimal sales experience. Combining the functions of our local team members and Enirgi Connect ensure you get the right product for your customer when you need it!

Australia's only full lifecycle battery partner

- ✓ Nationwide battery collection network of over 12,000 collection points
- ✓ World-class, modern facility in NSW recycles more than 97% of a used lead acid battery
- ✓ Only nationally EPA compliant used battery collection & recycling program
- ✓ Environmental accreditation ISO14001 collection network
- ✓ Full lifecycle partner convenience

COLLECTIONS

As legislation addresses the processes surrounding used batteries, Enirgi Power Storage ensures safe, prompt and legal transportation of used batteries. Lead based batteries are processed in our own Australian EPA compliant recycling facility. Our team are ready to book your cost-free collections today.
