## Trojan Industrial Battery Range

Enirgi Power Storage is the Australian leader in industrial stored power solutions. As distributors of Trojan and Ritar, our range comprises the leading global brands to suit standby and UPS, industrial electric vehicles and commercial maintenance machines.

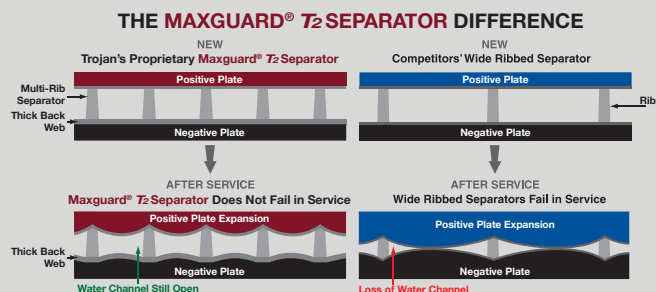

Trojan batteries are known world wide for their reliability. Whether powering floor machines or aerial work platforms Trojan deliver reliable power in the harshest of conditions. HydroLink™ enables you to simplify your battery maintenance routine while maximizing the performance and life of Trojan’s deep cycle flooded batteries.

With Enirgi’s wide range of world class products and local knowledge we assist you in maximising output and minimising downtime.

### Innovative Deep-Cycle Battery Technology

Trojan's T2 Technology™ builds upon our historically-proven technology and incorporates improvements resulting in a superior battery with maximum sustained performance, longer life and increased total energy.

1. Alpha Plus® Paste with T2 Technology - Maximum Operating Performance
2. Trojan Grid Technology - Reduced Downtime
3. Maxguard® T2 Separator - Longer Battery Life

Ritar supply high quality reserve power batteries in all VLA and VRLA technologies. By using the specially designed active material and strong grids, the EV series sealed lead acid battery offers reliable performance in high load situations. Their proven range incorporates enclosures, cabling and protection measures which meet Australian standards.

## GLOBAL

Incorporated in 2010, Enirgi Group is a privately held multinational conglomerate with world-class assets including the Power Storage Division with its headquarters in Melbourne. We value all relationships with our business partners as they are the critical element within this unique global story.

### OUR DIVISIONS

Power Storage

Advanced Materials

Innovation

Chemical

Environmental Services

## LOCAL

Enirgi Power Storage offers a complete national network covering dozens of locations, each manned by experienced team members who thrive on delivering outstanding service by partnering with our clients' businesses. We know that it's the people who make the difference which is why we are Your Battery Specialists.

## SALES & SUPPORT

At Enirgi Power Storage we strive to partner with you in driving success for your business. The Enirgi Connect Sales & Support Centre is available to answer any query you may have. In addition to our local team members, the Enirgi Connect team can assist with all sales orders, used battery collections and product/technical inquiries.

Timely and accurate deliveries are critical in providing the best service to your customers. The team can work through the product range with you to deliver an optimal sales experience. Combining the functions of our local team members and Enirgi Connect ensure you get the right product for your customer when you need it!

## Australia's only full lifecycle battery partner

- ✓ Nationwide battery collection network of over 12,000 collection points
- ✓ World-class, modern facility in NSW recycles more than 97% of a used lead acid battery
- ✓ Only nationally EPA compliant used battery collection & recycling program
- ✓ Environmental accreditation ISO14001 collection network
- ✓ Full lifecycle partner convenience

## COLLECTIONS

As legislation addresses the processes surrounding used batteries, Enirgi Power Storage ensures safe, prompt and legal transportation of used batteries. Lead based batteries are processed in our own Australian EPA compliant recycling facility. Our team are ready to book your cost-free collections today.
