

CAMPING

Your battery specialists

Advanced Technology Camping Battery Range

Whether you are heading off for the weekend or a trip around Australia, Enirgi Power Storage have a solution for all your camping needs. Enirgi's range is packed with the latest technology meaning you can spend more time enjoying yourself and less time managing your power requirements.

The dual purpose and lithium deep cycle range feature a sealed double lid with flame arrestor with a reinforced container. This strong construction means they can handle the tough conditions of travelling and camping. Our new Lithium Enirgi battery weighs around 40% less and offers up to 20 times longer cycle life than a regular lead acid battery. Every trip is different, that's where your Battery Specialists can help build a power storage solution for your particular needs.

BATTERY STRUCTURE

- 1 X-Frame Grid Technology and Grid Protection Technology
- 2 Enveloped separator for low electric resistance
- 3 Advanced centre lug technology and cast-on strap
- 4 Sealed double lid with flame arrestor
- 5 Integrated, computer-designed and reinforced container
- 6 Magic Eye Indicator (Conveniently displays state of charge)

Environmental Services

LOCAL

Enirgi Power Storage offers a complete national network covering dozens of locations, each manned by experienced team members who thrive on delivering outstanding service by partnering with our clients' businesses. We know that it's the people who make the difference which is why we are Your Battery Specialists.

SALES & SUPPORT

At Enirgi Power Storage we strive to partner with you in driving success for your business. The Enirgi Connect Sales & Support Centre is available to answer any query you may have. In addition to our local team members, the Enirgi Connect team can assist with all sales orders, used battery collections and product/technical inquiries.

Timely and accurate deliveries are critical in providing the best service to your customers. The team can work through the product range with you to deliver an optimal sales experience. Combining the functions of our local team members and Enirgi Connect ensure you get the right product for your customer when you need it!

Australia's only full lifecycle battery partner

- ✓ Nationwide battery collection network of over 12,000 collection points
- ✓ World-class, modern facility in NSW recycles more than 97% of a used lead acid battery
- ✓ Only nationally EPA compliant used battery collection & recycling program
- ✓ Environmental accreditation ISO14001 collection network
- ✓ Full lifecycle partner convenience

COLLECTIONS

As legislation addresses the processes surrounding used batteries, Enirgi Power Storage ensures safe, prompt and legal transportation of used batteries. Lead based batteries are processed in our own Australian EPA compliant recycling facility. Our team are ready to book your cost-free collections today.
